## BULLETIN N.12/2020

### HEALTH SURVEILLANCE

With the advent of the pandemic, born with the spread of the COVID-19 virus, there was a need to change the law 81/08. The virus imposes a health check for workers of every order and degree that they can no longer be limited to what is prescribed by D.Lgs. 81/08.

This D.Lgs. provides for the presence of a Competent Physician only for activities with specific risks that require the presence of it; activities without these risks are exempt from the health supervision of a competent physician.

The D.Lgs. No.34 of 19/05/2020 at art. 83 picked up on this problem and solved it by stipulating that employers, exempted from the appointment of the Competent Physician under D.Lgs. 81/08, must also ensure that workers most at risk of contagion must be guaranteed exceptional health surveillance measures. They must therefore alternatively appoint a Competent Physician or apply to INAIL's territorial services.

This decision was confirmed by Dr.Bettoni, INAIL President, in an interview with the Safe Point news today.
